

# FOUNDATION ADVISORY BOARD

## OFFER FOR COMPANIES

supporting fire loss prevention and  
expansion of fixed fire suppression  
systems in Poland

# ABOUT US

## Our mission

The Foundation's aim is the prevention of significant fire-related losses—whether human, social, environmental, or financial—primarily through promoting the widespread use of fixed fire extinguishing systems and sharing reliable, accurate knowledge.

## We support

- Research and academic work in the field of preventing fire-related losses
- Education of fire service personnel, architects, designers, licensed experts, insurers, brokers, building managers, investors, and others about fixed fire suppression systems
- Development of legal and formal frameworks related to fire suppression systems
- Advancement of fire suppression systems as an effective method for reducing large-scale fire losses and promoting awareness of their benefits within key professional communities
